relief. "Personally I am opposed to giving assistance," said the Reeve, and the other council members backed him up.

From every section in the township came reports of bad roads. A Dalkeith avenue resident said the sidewalks looked as though German shells

Ottawa, May 2.—Surrendered Houkhor lands aggregating about 18,000 acres in the vicinity of Kamack, Sask., were disposed of by ballot to soldier settlers under Federal Soldier Settlement Board regulations on the 26th of April. Twenty-six parcels were sold and 11 farm units remain to be disposed of. This closes out the last of the Gov-

torpedo boats, the Commissioners were informed, depends on the selections made by France and Italy from the ships to be surrendered under the Austrian treaty.

SEA POWER

CANADA'S NECESSITY

One organization in the Dominion is fast mobilizing public opinion with this end in view. The Navy League of Canada is discharging to Canada a duty of as great importance as that which the Navy League of Great Britain discharged to the Empire during the thirty years preceding the great war. The future should be taken care of NOW, and every right-thinking citizen of Hamilton should share in the responsibility.

The Three Prime Objects of the Navy League Are:-

- 1.—To encourage and organize Volunteer Naval Brigades.
- 2.—To raise funds for Sailors' Relief and Dependents, for Sailors' Homes, Institutes and Hospitals.
- 3.—To assist Canada to take her proper place as a sea power, so as to aid and extend our overseas trade and commerce.

Hamilton has the largest membership in the Navy League of any city in the British Empire, and, as one of the great industrial centres of the Dominion, is keenly alive to the necessity for a real sea power. At present, 100 boys are in training in Hamilton, in the Boys' Naval Brigade, from which they can pass out to Service on the seas.

This work, so essential in nation building, is carried on solely with funds publicly subscribed.

SAILORS' WEEK---May 8 to 15

From May 8 to 15, the people of Hamilton will be given an opportunity to become partners in this great scheme to chart the ocean with Canadian trade routes.

\$30,000 PLACED AT DISPOSAL OF PARKS BOARD

To Be Spent According to Plan Agreed to By Controllers.

FREE TRIMMING

California Poplars in East End Will Have to Be Removed.

The Board of Control and the Parks Board met at a thorough understanding yesterday afternoon as regards the parks development and the spending of the \$30,000 placed at disposal of the Parks Board for particular purposes. It was somewhat of a revelation to the Parks Board that the Board of Control had decided to spend the \$30,000 placed at disposal of the Parks Board for the removal of California poplars in the East End. The Parks Board had been under the impression that the money was to be used for the improvement of the parks, but the Board of Control had decided to spend it for the removal of the poplars.

The Board of Control's deliberations, and after the suggested changes by the Parks Board were noted, Controllers presented a resolution that the sum of \$30,000 be placed at the disposal of the Parks Board for the removal of California poplars in the East End. The resolution was adopted by a vote of 10 to 2. The Parks Board had been under the impression that the money was to be used for the improvement of the parks, but the Board of Control had decided to spend it for the removal of the poplars.

Chairman Wright of the Parks Board, insisted on the Board of Control's going on record as to the disposal of the \$30,000 placed at disposal of the Parks Board for the removal of California poplars in the East End. The Parks Board had been under the impression that the money was to be used for the improvement of the parks, but the Board of Control had decided to spend it for the removal of the poplars.
